

Innovating Agriculture,
Empowering Farmers,
Leading the Future.

Our 360 Approach

At the heart of our 360 approach is the carbon cycle — the cornerstone of sustainable farming. From photosynthesis, where plants capture atmospheric carbon dioxide, to the decomposition of organic matter, which returns nutrients to the soil, every stage is vital for soil enrichment and ecosystem health.

Our crop enhancement products optimize this cycle by promoting plant development and increasing organic carbon in the soil. By integrating humic acids, beneficial microbes, and specialized plant extracts, we improve soil structure, boost microbial activity, and enhance the soil's capacity to store carbon. These efforts contribute to long-term environmental resilience and a carbon - positive future.

Sustainable Productivity

Regenerative agriculture isn't just about environmental stewardship — it's a pathway to increased productivity. Healthier soils result in more resilient crops, better water retention, and higher yields. AgTek360's solutions, crafted with cutting-edge technology and backed by expert support, empower growers to adopt regenerative practices without compromising profitability.

Our products are designed to optimize nutrient uptake, enhance crop resilience against environmental stressors, and improve germination and seedling vigor. By addressing the unique challenges of modern farming, we enable growers to unlock their farm's full potential while contributing to a healthier planet.

Join the movement and embrace the power of AgTek360's 360 approach to sustainable farming. Together, we can regenerate the soil, grow greener, and create a carbon - positive future for generations to come.

Your Growth, Our Focus: Our Commitment to You

Expert Support

Our team of agricultural experts is here to support you at every step. From selecting the right products to implementing best practices, we're dedicated to your success.

Trusted Quality

With AgTek360, quality isn't just a promise; it's our standard. We rigorously test our products to ensure they meet the highest standards of efficacy and safety.

Partners in Growth

Your growth is our goal. We partner with you to navigate the complexities of modern agriculture, providing the tools and knowledge needed for your farm to flourish.

earthsmart
solutions

AgTek360.com

is an authorized distributor of:

earthsmart
solutions

about earthsmart solutions

EarthSmart Solutions is a leader in providing environmentally responsible products and is deeply committed to innovation, eco-friendliness, and sustainability. They offer innovative products meticulously crafted to be safe for plants, animals, and humans, while leaving no adverse impact on the environment. With a dedication to sustainability, their formulations harness naturally occurring ingredients and sustainable sources, from macro and micro nutrients to enzymes and amino acids, nurturing ecosystems and organisms alike.

Renowned for their technically advanced bio-based solutions, they stand at the forefront of supplying environmentally responsible products, setting a standard for future generations.

our products

Clout

Herbicide additive to optimize effectiveness and advance plant growth

Defender

Plant Protector - Provides all-natural defensive protection for crops and harvest yields

Energize

Stubble Digester - Accelerates post harvest decomposition promoting soil and plant health

Inspire

Seed Starter - Liquid bio-stimulant to drive seed germination and accelerate early development

Propel

Foliar Fertilizer - Natural broad-spectrum foliar nutrients to elevate plant performance qualities

Restore

Soil Builder - Reinstates soil biodiversity and structure to revive depleted ground naturally

Surge

Pasture Fertilizer - Highly concentrated organic pasture nutrients to enrich grassland quality

Providing **earth-friendly** solutions
for today's modern growers

Expert support, Trusted quality, Partners in Growth.
