

# Charge Turf

## Content Analysis – Contains Non-Plant Food Ingredients

Humic Acids derived from Humalite....80%  
Hydrophobic Fulvic Acids.....4%  
Inert Ingredients (Humalite).....16%

## Product Information

Derived from low rank coal Humalite (weathered form of subbituminous coal), is a small granule containing humic and fulvic acids. Ideal for broadcast or in-furrow application. Apply material directly to the soil or mix with a substrate. Applications made according to directions for use may improve soil structure and aid in nutrient uptake and availability. It is beneficial to balance the soil pH, increases moisture retention and cation exchange capacity of soil.

MADE IN ALBERTA, CANADA

Manufactured By  
Soil Synergy  
Alberta, Canada

## Applications:

### AGRICULTURE

- Broadcast Application: 45-336 kg/ha (100-250 lb/acre)
- Strip Till: 70-225 kg/ha (60-200 lb/acre)
- In-Furrow: 45-70 kg/ha (40-60 lb/acre)

### TURF GRASS

- Greens, tees and fairways: 1.4-2.7 kg (3-6lb)/1000 ft<sup>2</sup>

### HYDROSEEDING

- Broadcasted: 225-560 kg/ha (200-500 lb/acre).

### HORTICULTURE

- Mix 2-5% with soil potting mix or substrate

## Conditions of Sale & Limitation of Warranty and Liability

The manufacturer guarantees only that the composition of this product conforms to the description on the label and that the product is suited to the stated purposes when used according to the Direction for Use. No individuals or companies are authorized to make any further warranty, expressed or implied, concerning the selection, use, handling, or storage of this product. The manufacturer's liability will be limited to the refund of purchase price or, at manufacturer's discretion, replacement of product.

## Directions for Use

Read label entirely. Apply as a standalone product or blended only with compatible dry fertilizers. Suitable applications include broadcast, preplant banding and in-furrow applications. Environmental conditions may impact compatibility with certain fertilizers. Always conduct a jar test to confirm compatibility prior blending with any other product.

Refer to Technical Data Sheet (TDS) for specific blending/mixing capabilities and instructions for this product.
